

SKINNER BLADES

are the exclusive Europe, Middle East, Africa and Asian distributor for **BLADES**.

AccuTEC Blades Inc manufacture the **PERSONNA**® range of food processing blades for

skinning/de-rinding fish and meat. The blades are “Made in USA” and provide users with durability,

yield and productivity due to Accutec

Blades’ use of superior materials and

proprietary grinding processes to

provide the sharpest, most durable

edges available in the World.
